Behind that scientific-sounding name, you'll find the latest technology and design in doors. And when you're indoors you'll enjoy loads of style, strength and security. Our composite door is 44mm thick, compare that to conventional PVC panel doors at 28mm. Its super-strong structural frame and up-to-the-minute hardware makes our composite door even more secure. And its glass reinforced plastic finish means you'll be secure in all weathers.
